

LOOVENT eco

A fan for every room

KEY FEATURES

- Two speed centrifugal fan
- Flow rate up to 110 m³/h
- Compact design - smallest 30 l/s fan in class
- For toilets, bathrooms, en-suites, utility rooms and kitchens (adjacent to hob)
- Well proven, centrifugal, filterless technology
- Surface or recessed, portrait or landscape
- Simple replacement of existing Loovent - same mounting and spigot position
- Economical to operate - from 3.6 W
- Timer, humidity timer and motion sensor timer versions
- SELV versions - low voltage
- Voltage supply 100 / 240 V - 50 / 60 Hz
- IPX5 rating
- Complies with Building Regulations
- 5 year warranty

The next generation...

From an excellent pedigree of fans for over 40 years comes the next generation of fans – LOOVENT eco. A powerful, discreetly styled fan in a modular design for ease of installation and maintenance to ensure effective ventilation with minimal noise level and energy efficiency in mind.

It is exceptionally quiet with various “on-demand” control options that only activate the fan when needed - timer, humidity timer and motion sensor with timer. The low

energy motor helps reduce carbon emissions and saves on energy bills.

The LOOVENT eco is truly versatile in that it can be surface or recessed mounted into the wall or ceiling and fitted in either the portrait or landscape position.

LOOVENT eco is ideal for replacing the old Loovent 01C or existing Loovent 01 as the spigot position is identical and the back plates are the same size keeping reworking to a minimum.

MODELS

Timer / SELV T	Adjustable timer overrun between 2 and 45 minutes with pull cord
Humidity Timer / SELV HT	Adjustable Humidity 40 to 90% RH with adjustable timer and pull cord
Motion Sensor Timer	Motion sensor activation
